

THE NIGHT SESSION

Of the State Prohibition Convention.

Selection of the Executive Committee—
A Musical and Literary Programme.

When The News went to press yesterday the Prohibition convention was in session. At that hour, as stated in The News the platform had just been adopted. Press of matter and the late hour prevented a publication of the platform at that time. It is as follows:

We, the Prohibition party of Texas, in convention assembled, gratefully acknowledging Almighty God as the rightful ruler of all nations, humbly invoking His blessings upon our efforts for the public good, and reaffirming our allegiance to the national Prohibition party, present the following declaration of principles:

1. The liquor traffic is the chief source of crime, poverty, degradation and political corruption, and should not be legalized and protected under any form of license or tax, but should be absolutely prohibited by law.

2. We are opposed to tariff, either for revenue or protection, and favor absolute free trade, believing the revenue needed for the support of the government should be raised by means of a graduated income tax.

3. Money should be of gold, silver and paper, all full legal tender, adequate in volume to meet the demands of business and keeping directly to the people by the government, without the intervention of individuals or private corporations.

4. The railroads, telegraph lines, and all other means of transportation and communication which owe their existence to grant of power from the state should be controlled by the state and no higher charges allowed than may be necessary to afford a reasonable profit on the capital actually invested.

5. The privilege of suffrage should be determined solely by standards of character and intelligence, and no foreigner should be allowed to vote who has not resided in the United States over ten years.

6. Foreign immigration has become a burden upon industry, one of the factors in depressing wages and causing discontent. Therefore, we declare in favor of immigration laws to exclude the paupers, criminals, insane and anarchist classes.

7. Speculation in margins, the cornering of money, grain and other products and the formation of trusts and combinations for the arbitrary advancement of prices should be prohibited.

8. The president, vice president and senators of the United States should be elected by direct vote of the people.

9. All official fees should be paid into the public treasuries, and all officials, state county and municipal, paid reasonable salaries.

10. Non-resident aliens should not be allowed to acquire land in this country, and we favor the limitation of individual and corporate ownership of land. All unearned grants of land to railroad companies or other corporations should be reclaimed.

11. We stand unequivocally for the American public schools taught in the English language, and are opposed to an appropriation of public money for sectarian schools.

12. All taxable property should be listed for taxation at its actual value, less any bona fide indebtedness of the owner thereof.

13. We are opposed to the issue of government bonds for any purpose in times of peace and denounce the Democratic and Republican parties for the recent issues of such bonds under plea of necessity, and declare that such action is contrary to the interests of the people.

14. We cordially invite the co-operation of all our better citizens to the end that these declarations may be made triumphant in the state and nation. Where there are other

organizations which stand for any or all of these positions we shall regard with special favor any efforts wisely directed toward such union of forces as shall in any way hasten the overthrow of saloon rule, reinforced as it is on the one hand, and outworn and vicious political organizations on the other.

After the nominations for state officers the following was adopted:

Resolved, That the state Prohibition convention now in session endorse Rev. J. G. Adams, of Brownwood, Tex., as an able, fearless and successful gospel temperance lecturer, and we take pleasure in recommending him to the people of Texas, and would urge all who have an opportunity to hear his famous lecture, entitled, 450 Miles of Street of Hell.

A vote of thanks was adopted expressing the gratitude of the convention to Dr. E. C. Heath, of Rockwall, for his services during the past two years as executive chairman.

Dr. J. B. Cranfill offered the following, which was adopted:

Resolved, That we commend to temperance men everywhere the St. Joseph Herald, of St. Joseph; the Texas Prohibitionist; the Pilot of Nashville, Tenn.; the Voice of New York, and the Beacon, Ohio, and urge the Prohibitionists of Texas to circulate them as widely as possible.

The convention then adjourned until 8:30 p. m.

these localities have not been affected by the American Railway union boycott of Pullman cars. It is reported, however, that the agents of the American Railway union are working in Jersey City, fomenting trouble.

Running as Usual.

Cleveland, O., June 29.—Pullman cars are running today as usual on all roads using them, and there is yet no evidence of the boycott here.

Southern Pacific Paralyzed.

San Francisco, June 29.—By order of President Debs, of the American Railway union, a general strike is in effect on the Southern Pacific, and the entire system is paralyzed today. Even the Southern Pacific ferry service, across San Francisco bay, is badly crippled. Suburban trains are not running, and many people living in the more remote suburban towns are absolutely unable to reach the city. There is no doubt that the officials of the Southern Pacific are amazed at the remarkable strength of the American Railway union. General Manager Towne, however, declares the company will not recede from the stand taken by President Huntington.

Deputy Marshals Sworn In.

Chicago, June 29.—Twenty-five deputy United States marshals were sworn in today to protect the Santa Fe road in starting its trains.

Shopmen Quit.

San Bernardino, Cal., June 29.—All shop men employed by the Santa Fe here quit work yesterday, some five hundred in number.

But Little Trouble.

Louisville, Ky., June 29.—There has been but little trouble experienced here as yet on account of the strike, except on the Monon road. The Chicago train today on that road was four hours late.

No Trouble Expected.

Nashville, Tenn., June 29.—All trains on the Louisville and Nashville, and Nashville, Chattanooga and St. Louis railways are running as usual. No trouble is expected here or at any point in Tennessee.

Colonel Parsons Killed.

Washington, June 29.—A dispatch states that Col. H. C. Parsons, owner of the natural bridge in Virginia, was shot and died in Clifton Forge, Va., today. The shooting was done by a conductor named Goodwin, who Colonel Parsons had reported for neglect of duty.

The Santa Fe Strike.

San Diego, Cal., June 29.—A strike on the Santa Fe went into effect at its Pacific terminus at midnight Wednesday night, and since that hour all trains have been at a standstill, both in this city and at National City.

Appropriations Extended.

Washington, June 29.—The senate by unanimous consent adopted a joint resolution extending the appropriations of the present year until the new appropriation bills are passed. This was the resolution to which Hoar objected yesterday.

The Baptist Preacher, Dr. Julian Broadus,

Says:—My wife has been suffering, with nasal catarrh since January, following a severe case of "Grip." Since using your "Cacterine" three weeks she has greatly improved. I consider it the best remedy I have ever seen for that disease. When the Cacterine arrived I was suffering greatly with a severe case of acute nasal catarrh. I commenced at once the use of Cacterine and within twenty-four hours was greatly relieved and have gone on steadily to recovery. It gives me pleasure to furnish this testimonial to the efficacy of your medicine.
